I don't know why it's taking months to resolve the Cardinal order. If we can't go directly with Cardinal for controls they just need to tell us.

Isn't that what's happening when I bought heroin and hydrocodone from Sigma? Helen is working on that order.

I don't think we can get this from GSS. They would have to have a license to buy and a resale license to sell back to us.

If we're having trouble buying directly from Cardinal, I can try GSS. Just let me know if you're giving up on setting up the Cardinal account. JR seems to be able to get everything except List I and II Chemicals. For those, VWR took care of us.

Jill:

The Drug Lab supervisor said that we get drug standards through Cerilliant via GSS.

Hi Sandra -

In advance of our PMT Mtg, because we have a drug case with a suspect morphine sulfate tampering at a nursing home - how do you purchase morphine standards, if you do...?

Thanks,

Jill
